- The price terms are FOB Incheon Airport(ICN), Korea for air freight.
- For ocean freight, additional charges such as inland transportation fees, packaging costs, and incidental expenses apply for transporting to Pusan Port (KRPUS), which is 500km away.
- All shipment can be arranged at cost through our contracted freight forwarder.
- The payment terms are 50% payment upon confirmation of the purchase order, and the remaining 50% payment upon readiness of shipment.
- The standard delivery lead time is up to 3 ~ 5 weeks.

Q MOQ & the price for orders below MOQ?

- MOQ is 1,000 pieces per order.
- The price for the orders below MOQ is US\$ 5.65 & Euro 5.37 per piece.

Q The cost for purchasing samples?

- US\$ 150 or Euro 142 for 10 pieces including express shipping
- All shipments can also be arranged at cost through our contracted freight forwarder.

A Private Label?

- When using the same size and printing specifications of standard retail package and sachet, with branding and design tailored to the customer's requirements, MOQ is 20,000 pieces per order.

- If the customer's package size and printing specifications differ from standard specifications, the MOQ and unit price may also be subject to change.
- The changes in the shape and size of the patch, components per package, and package type according to the customer's request are available. The unit price and MOQ can be informed upon receipt of detailed request.
- The standard delivery lead time is up to 5 ~ 6 weeks following confirmation of package design.
